FP (Tools) Ltd has been identified in London Stock Exchange's '1000 Companies to Inspire Britain'

FP (Tools) Ltd has been recognised in the third edition of London Stock Exchange's 1000 Companies to Inspire Britain report.

The report identifies and celebrates the 1,000 fastest-growing and most dynamic small and medium sized businesses (SMEs) in the UK.

To be included in the list, companies needed to show consistent revenue growth over a minimum of three years, significantly outperforming their industry peers. More detail on the methodology can be found in the report online at www.1000companies.com.

FP (Tools) Ltd Joint Managing Director, Richard Parkin said:

"We are hugely proud and delighted to be included in this report. It recognises the exceptional hard work and dedication of all the employees at FP (Tools) Ltd. With the support of our supplier partners and our loyal customer base FP (Tools) Ltd will continue to invest in personnel, infrastructure and IT systems to enable us to keep growing the business while striving to exceed the expectations of our customers."

Xavier Rolet, Chief Executive, London Stock Exchange Group said:

"High growth SMEs are the driving force behind the UK economy, developing the skills, jobs and growth we need."

Writing in the publication, The Rt. Hon. George Osborne MP said:

"UK high-growth businesses are leading the charge in rebuilding our economy. These companies are the backbone of the British economy. They create high-quality, well paid jobs, innovate and drive economic growth. This government fully understands the need to support ambitious entrepreneurs and ensure they can access the finance they need to grow."

"We have held the steadfast belief that –alongside deficit reduction – nurturing entrepreneurs, creating jobs, supporting hard-working families and keeping taxes low would get the UK economy back on track. Our measures to increase access to finance for business and encourage more investment have had a transformative effect on our economy."
